(908) 782-8536
Fax (908) 782-1967

I am writing to you on behalf of the Environmental Commission of East Amwell Township to inform you of their need for volunteers for the upcoming Roadside Clean-Up Day on April 18, 2009 – Saturday. Would you please direct a copy of this letter to any of your club members/parents who might be interested in providing assistance to us with this important project? Any road or street in East Amwell Township can be picked for cleaning. All garbage should be taken to the Municipal Building where all volunteers receive free hoagies and sodas afterwards. Pick-up tools and safety vest can be borrowed from the Municipal Building the week prior. Your assistance would be deeply appreciated. Needless to say, all or any student involvement would require adult supervision.

Those wishing to volunteer should call the project director, Mr. Blaine Hummel at 609/466-2907, or give me a call at 908/782-9514. Thank you.

Cordially yours,

Joyce S. Corboy
Environmental Commission
